Subject: FS team technical work session 2 - July 31
Attachments: DraftAgendaAgencyTWS2_2013-07-31.docx

FS Team-

The next FS team technical work session (TWS 2) is scheduled for July 31st at the EPA Oregon Operations Office Conference Room (Fox Tower 5th Floor) in Portland, Oregon. We're planning on a full day, starting at 8:30am and finishing at 3:30pm. The session will include a short review and update of the outcomes from the previous session followed by a presentation and discussion of CDM's recent work on technology screening criteria, screening process and initial results and development of alternatives. This work session is an internal meeting for EPA and our project partners, and we may schedule a follow-up meeting with the LWG in mid August or early September. A draft agenda is attached.

Please let us know if you have any questions or feedback on the draft agenda.

Thanks
Chip
